Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS	THINKS
• I want to grow the right crop every season. • I need accurate farming guidance. • Weather changes are affecting my crops.	• Which crop will give me the highest yield? • Am I using the correct fertilizer. • Will I make a profit this season?rtilizer?
PERSONA NAME <i>(Role / User Type)</i>	

DOES

- Checks soil condition before farming.
- Uses fertilizers and irrigation regularly.
- Consults agricultural experts or online resources.

FEELS

- Worried about crop failure.
- Confused about selecting crops.
- Hopeful when receiving AI-based recommendations.
